## EDUCATION

---

<b>SABANCI UNIVERSITY</b> <i>Computer Science and Engineering</i> <i>Bachelor's Degree</i> <i>Faculty of Engineering and Natural Sciences</i>	September 2020 - January 2025 • Istanbul, Turkey
--	--

## EXPERIENCE

---

**TEB - Türk Ekonomi Bankası / Data Science & Machine Learning Engineer Intern**

- Developed and deployed machine learning models to identify customers at risk of default, utilizing various machine learning algorithms.
- Cleaned, preprocessed, and visualized datasets to ensure data quality and derive actionable insights.
- Conducted comprehensive data analysis to inform decision-making, employing statistical techniques and machine learning algorithms to differentiate defaulting customers.

## PROJECTS

---

<u><a href="#">RIFFY APP ON WEB AND MOBILE</a></u>	September 2023 - January 2024
<u><a href="#">MOVIE ANALYSIS</a></u>	September 2022 - January 2023

## SKILLS

---

Languages: Turkish (Native), English (Advanced)  
Computer: C++, Python, HTML, CSS, Javascript, Node JS, Microsoft Office Applications (Word, PowerPoint, Excel), SQL, NoSQL, Git, Github, Tensorflow

## ACCOMPLISHMENT/AWARDS/CERTIFICATION

---

IBM Data Science Professional Certificate / <i>Coursera - IBM</i>	September 2023 - October 2023
Machine Learning Specialization / <i>DeepLearning.AI - Stanford University</i>	October 2023 - October 2023
Deep Learning Specialization / <i>Coursera - DeepLearning.AI</i>	February 2024 - Present
